

2023 Cultural Data

Arts for the Aging delivered 46% more therapeutic programs in 2023 to older adults and caregivers than in the previous year. Our faculty of 28 teaching artists facilitated 506 visual, performing, and literary arts workshops with 40 client organizations at 66 locations reaching 1,234 older adults and caregivers with diverse abilities and backgrounds. We partner with 27 community collaborators to enhance and replicate our inclusive best practices in creative aging. We welcomed nine new teaching artists, staff, and trustees. As our reach increased, so did our mission’s positive impact on health and well-being.
